NUMBER 36

ANTIOCH RETAINS OLD BOARD MEMBERS AT ELECTION TUES.

All Officials Are Elected
for One Year
Terms

Three of Antioch's village trustees and Village Clerk R. L. Murrie, all candidates for re-election on the Citizens ticket were returned to office for one year's terms in Tuesday's election.

Clark Murrie topped the vote with 144. The trustees received votes as follows: Hawkins, 131; Vos, 140; Sibbey, 95.

Mrs. Louise Vos and E. Morley Webb, candidates for the library board, received 139 and 132 votes respectively.

The only opposition was supplied by John N. Pachl, lone candidate on the People's ticket. Pachl received 80 votes.

Voters marked 79 straight ballots for the Citizens and 19 marked straight for the People's.

Full Ticket Next Year
The departure this year from the regular custom of electing board members for two year terms is due to the change in the municipal election laws enacted by the 1933 general assembly, making it mandatory that all municipal officials be elected to serve one year terms. Thereafter, beginning in 1934 there will be regular village elections held every two years at which time all village officials will be elected for two year terms, including the six trustees, president, clerk and treasurer. The time of holding the elections remains unchanged.

Citizens Win at Lake Villa
The Citizens ticket won in Lake Villa. The victors for trustees were G. P. Manzer with 132, John Walker 137, and Howard Wilton with 144. J. M. Philippe was re-elected village clerk with 144 votes to Ben Hadad's 68.

Losing candidates on the Independent ticket were Edward Leonard who received 76 votes and Lester Hamlin with 70.

Mother Of Mrs. Walence Dies Following Injury

Shock Causes Demise Of
Mrs. Hannah Oltusky
Sunday

Mrs. Hannah Oltusky, 79, mother of Mrs. S. M. Walence of Antioch, died in a Waukegan hospital Sunday morning at 1:30 o'clock from shock following an injury last Tuesday when she fell and broke her hip. She was taken to the hospital late Tuesday.

Burial was in Knights of Joseph cemetery Monday, within 24 hours of death, in accordance with the tenets of her faith.

Came from Russia

Mrs. Oltusky came with her husband from Russia to America before the world war to visit their children, and they liked this country so well they decided to make their home here also, but upon their return to Russia to settle their affairs there, the outbreak of the war prevented their leaving Russia, and they were obliged to remain there until after the war. It was not until 1923 that they came to the United States to make their permanent home. For the last four years the couple have resided with their daughter and son-in-law in Antioch.

Married 61 Years.
Mr. and Mrs. Oltusky had been married for 61 years.

The deceased is survived by the husband, Leo; two daughters, Mrs. Walence of Antioch, and Mrs. Lena Kriloff, Russia; and one son, Joseph, of Los Angeles, Calif. There are four grandchildren and five great grandchildren.

Mr. and Mrs. William Knutemeyer and Mr. and Mrs. George Brand of Chicago spent Sunday with Mrs. D. A. Williams and daughter, Ruth.

Sunday School Workers To Meet In Antioch

A district institute for Sunday school workers and others interested in the religious training of children and young people will be held at the Antioch Methodist Episcopal Church, on Thursday evening, April 26th, beginning at 7:30 p. m., under the direction of the Lake County Council of Religious Education.

This is one of a series of district meetings held in various parts of the county. Representatives from Sunday schools in Oraylake, Lake Villa, Ingleside, Fox Lake, Millburn, Channel Lake, Grass Lake, and Antioch are expected to attend.

The address of the evening, on "What Do We Expect from A Sunday School Teacher?" will be delivered by Rev. H. F. Sjogren, Highland Park, president of the county organization, to be followed by a discussion of practical problems in teaching, led by Miss Irene Hackenbach, Deerfield. Mrs. Eva E. Alling, Wadsworth, and Rev. Merrill E. Tope, Fox Lake.

Other district meetings will be held as follows:

District No. 3—April 3, East Benton M. E. Church, Zion, Ill.
District No. 4—April 13, M. E. Church, Diamond Lake, Ill.
District No. 1—May 8, St. Paul's Evangelical Church, Deerfield, Ill.

LYONS AND CARROLL FAR IN LEAD IN ASSEMBLY RACE

"Plumping" Proves Aid to
Leading G. O. P.
Candidates

Representatives Richard J. Lyons and William M. Carroll received more than twice as many votes as did their five opponents combined, final canvass figures for Lake, McHenry and Boone counties revealed following last week's primary race for state representative.

The "plumping" system, or the three-votes-for-one, carried Representative Carroll to an easy victory in McHenry and Boone counties, and also put Lyons far ahead in Lake county.

By counties the count was:

Lake County		
Lyons		36,706
Carroll		3,896
Tiffany		6,735
Juron		1,980
Coyle		1,133
Keller		6,314
Harris		1,782
McHenry County		
Lyons		4,770
Carroll		15,492
Tiffany		2,735

Coyle		175
Keller		293
Harris		456
Boone County		
Lyons		3,772
Carroll		6,560
Tiffany		1,740
Juron		178
Coyle		177
Keller		222
Harris		411
Total in Three Counties		
Lyons		39,307
Carroll		25,738
Tiffany		11,216
Juron		2,360
Coyle		1,485
Keller		6,823
Harris		5,649

LOCAL MEMBERS ATTEND

O. E. S. MEETING AT GRAYSLAKE

Several members from the Antioch Eastern Star chapter attended a meeting of the Grayslake chapter last Thursday evening. Mrs. O. W. Jensen accompanied by Mrs. Arthur Mapleshorpe, sang several solos.

Sunday guests of Mrs. Mollie Somerville were Mr. and Mrs. Andrew Swanson, Chicago; Mr. and Mrs. Harold Johnson, Marengo, Ill.; B. Bernbaum, Cleveland, Ohio; and Mr. and Mrs. Earl Somerville, Elgin.

Mrs. Adolf Pesat, Mrs. Low Van Patten, Mrs. O. E. Hachmeister and Mrs. Arthur Trieger attended installation services of the White Shrine at Des Plaines, last Wednesday evening.

FUTURE FARMERS FATHER AND SON BANQUET IS SUCCESS

George White, Successful
Farmer, Is Honored
by F. F. A.

One hundred and sixteen men and boys attended the Eleventh Annual Fathers and Sons Banquet held under the auspices of the Antioch Chapter of the Future Farmers of America at the Antioch Township High School last Thursday evening.

Kenneth Hills, president of the chapter, welcomed the Dads and introduced the toastmaster, Albert Herman, who proved to be very able in his new capacity. Mr. H. D. Minto responded to the welcome in behalf of the fathers present.

C. L. Kuttel, instructor of the department of Vocational Agriculture, presented awards to various boys. A gold, silver, and bronze medal was presented to Howard Bonner, Ward Wilson, and Glenn Griffin, respectively, for having the three best home projects during 1933.

George White Is Honored

According to custom, each year some one who has done much for agriculture in this community is honored by the Antioch High School. This year a certificate of Honorary Recognition was presented to George White, a local farmer. Some of Mr. White's outstanding accomplishments and the reasons for his being honored with the title of Master Farmer, were set forth in a paper read before the group:

"In 1946 Mr. White's grandfather homesteaded the land that has remained in the family ever since. His father, David White, was the second man to receive recognition from our organization 6 years ago. His active life, upright as it always was, instilled into his sons the spirit to carry on with an initiative which leads only to success. As a result (Continued on Page 5)

S. B. Nelson Heads Grade School Board

Candidates for H. S. and
G. S. Boards Elected
without Opposition

Only thirty votes were cast at the Antioch grade school election held Saturday. S. Boyer Nelson, cashier of the First National Bank, was elected president with 27 votes. Mrs. Elsie Pierce was re-elected a member of the school board with 29 votes and William Anderson is the other elected member with 27 votes. Opposition was negligible.

An organization meeting will be held at the grade school Saturday evening when the board will elect the secretary for the coming year.

No Excitement at H. S.
A little more interest centered about the election of two members of the high school board, sixty-four votes having been cast. Mrs. Jean Ferris was re-elected with 43 votes and Paul Zelen, Channel Lake, was elected new member to succeed Fred Hawkins who retired, receiving 61 votes.

The secretary and the president will be elected from among the members of the board at the organization meeting of the board Saturday night.

Military Ball to Be Held at Miami Gardens

The Reserve Officers Association of Lake County are making plans for their annual Military Ball, to be given on April 28th at the Miami Gardens.

This year all other Military Organizations will be invited to participate, including R. O. T. C., American Legion, Seafarers, Naval, Naval Reserve, Marine, Marine Reserve and National Guard.

The date for this Ball was selected so that all the local military could honor the fine R. O. T. C. unit of the Waukegan Township High School. Their Federal Inspection will take place about this time.

Fire Dept. Checks Four Grass Fires

Calls for aid in checking four grass fires were received by the local fire department in three days this week. A grass fire which was assuming dangerous proportions was extinguished on the old Nelson farm just east of Leen Lake about 2:30 Sunday afternoon.

The department answered a call to aid the Lake Villa department in checking a large grass fire near the Cedar Crest Country Club about 12:30 Tuesday.

Two grass fires were extinguished Monday; one in the Antioch Hills subdivision on the former miniature golf course, and the other in the rear of the Sirang Funeral Home.

VOLIVA CLOSES ZION PAROCHIAL SCHOOL

Threatens to Close Public
Schools; Petty Would
Remove Directors

In retaliation of the "Ingratitude" and "disloyalty" of Zion voters in Saturday's school election which resulted in a victory for the Independents, Wilbur Glenn Voliva, overseer closed his Parochial school Tuesday and threatened to have the public schools closed.

Onias W. Farley, president-elect of the school board, defeated Voliva's candidate, Postmaster Sylvester DeFew, 1,610 to 1,214. The two Independent candidates for members, Mrs. Margaret S. Purcell and Homer C. Ingram received 1,481 and 1,536 to 1,312 and 1,363 for Carl Q. Lee and Richard F. Hite, the two Voliva candidates.

This was the first political loss in 23 years.

Voliva's school which he claims to finance himself starts with kindergarten, has eight elementary grades, four years of high school and four years of college. There are about 1,150 students in this Parochial school. He claims that he donated one million dollars in 18 years to keep the school open. Feeling that this has not been appreciated he proposes to use the money himself for the purpose of a world wide evangelistic program.

Plan to Carry on

Voliva asserts that the school fund had been depleted, and that it would be impossible to raise funds to carry on until May 1. However, board members believe that funds are available and are making efforts to hold public classes in four-hour shifts to absorb the students of the Parochial school.

W. C. Petty, County Supt. of Schools, said last night that if the public schools of Zion had been closed as Voliva threatened, he would have removed the directors responsible for this action, as it is within his rights to discharge school officials for neglect of duty.

Voliva's latest threat of vengeance was heard in the report that he may shut down the Zion home, because many of its inmates voted with the Independents.

Waukegan City Light Plant Is Defeated

By a vote of more than three to one, citizens of Waukegan rejected a proposal toward the establishment of a municipally-owned and operated electric light and power plant for their city at the polls Tuesday. While the issue before Waukegan voters was only the initial step in the direction of the establishment of a municipal plant, its decisive defeat is taken as an important indication of the public attitude toward municipal plants in cities already adequately served with electricity from other sources.

Those opposed to the city-owned plant pointed to the fact that municipal plants have not generally brought lower electric rates in Illinois, whereas the record of the privately operated electric system serving Waukegan showed eight voluntary rate reductions in the past twenty years. Further emphasis was placed upon the cost of the proposed preliminary survey and the estimated cost of a municipal plant which, at the outset, would have been of questionable economic value to taxpayers of the community.

License Expert Is Vexed When He Gets New Kind of License

Walter Tebbens, Chicago, former state automobile investigator, may be able to check a car license with uncanny accuracy, but it's a catch he does not know his marriage licenses. That's how Judge Sam Tarbell of Antioch lost out on performing a matrimonial ceremony here yesterday.

Tebbens with his prospective bride, Miss Bertha Busch, also of Chicago, presented themselves to Judge Tarbell with the request that they be made man and wife.

"Have you the license?" Tarbell asked; and Tebbens produced a license he had procured in Cook county.

"Sorry," remarked the judge, explaining that he had no jurisdiction, and that the couple would have to have the ceremony performed in Cook county, or else patronize Lake county's much advertised "marriage mill" at Waukegan if they wished to be married here. Whereupon the prospective bride and groom departed for Wheeling, the nearest Cook county town.

"ILLINOIS TEACHER" SUGGESTS MEASURES FOR SCHOOL RELIEF

Legal Aid Is Required; Ill.
Ranks 37th in Cost from
State Treasury

Excerpts from an article on School Relief in a recent issue of "The Illinois Teacher" are given here to emphasize the plight of the common schools and the necessity for legal action.

Illinois ranks thirty-seventh in the percentage of school costs paid from the state treasury. With educational revenues obtained almost entirely from the general property tax—and from real estate primarily—it has become extremely difficult to raise sufficient funds to continue the schools in operation in hundreds of communities.

Thousands of our teachers remain unpaid for months; some actually for years. For several hundred thousand of our children the educational service has been crippled. Slashing the curriculum is stabbing the children; nevertheless, in numerous communities we have witnessed the elimination or curtailment of physical education, health service, music, art, vocational courses, and the like. Pupils are handicapped when needed school supplies are lacking.

Illinois a Wealthy State

Illinois ranks among the leading states in per capita wealth, per capita retail sales, and per capita income. Such rankings evidence our relatively high economic rating. Yet in per capita expenditure for public education our rank is 26th. In percentage of our income devoted to public education, we rank 39th.

Local districts and counties cannot enact new tax laws: the only unit that can legislate new sources of (Continued on page five)

Methodist Women Hold Semi-Annual Meeting in Antioch

Officers Elected: Antioch
Woman Is Chosen
Secretary

Mrs. A. J. Bishop, wife of the Grayslake Methodist pastor, was elected president of the Lake County Methodist Women's Association at the spring meeting of the group held in Antioch Tuesday. Other officers named were Mrs. Earl Kane, Diamond Lake, second vice president; and Miss Eleanor Meyer, Antioch, corresponding secretary. Other officers of the association were elected at the meeting held last fall.

Musical solos by the all day session included solos by Mrs. Frank Spangard at the morning session. (Continued on page four)

MAYOR BARTLETT BREAKS TIE VOTE ON DAYLIGHT SAVING

Village Will Adopt "Fast"
Time, Beginning
April 29

Antioch is to have daylight saving time again this year, and Mayor George B. Bartlett is the man who will receive credit from proponents of the plan, and condemnation from the contrary minded. It was Mayor Bartlett who at the monthly meeting of the board Tuesday night voted in favor of "fast time," breaking the tie when the six trustees wound up in a deadlock. Trustees Vos, Sibbey and Stearns voted for setting the clock ahead one hour, while Hawkins, Drem and Lux voted "no."

The new time will go into effect April 29 and will continue until September 30.

Aluminum Paint for New Tank
Two coats of aluminum paint will cover Antioch's new water tank now nearing completion, the village board decided at the meeting Tuesday night. The original specification called for one coat of green paint. The aluminum covering will be better and far more durable, board members said. The bid price was \$250, and the work will be done by the construction contractors, the Chicago Bridge and Iron Co. The word "Antioch" will appear in large letters on the side of the tank.

Contractors have received a payment of \$5,252.20, the amount of the first estimate of work completed. The second estimate of \$1,083 has been allowed by the board, subject to approval of Engineer Harry J. McKimsey and the state engineer for the P. W. A.

The original bid for the construction was \$3,740, to be paid at intervals as the work progressed.

Scott Heads G. O. P. Central Committee

Frank McDermott Is Elected
Chairman of Democratic
Committee

Howard L. Scott of Fox Lake was elected chairman of the Lake County Republican Central committee Monday afternoon by the newly elected precinct committeemen. Elmer Clayvey of Deerfield, the other man being considered as a candidate, declined to enter the race because of lack of time. He is secretary of the organization. Scott succeeds Max Pryzborski, North Chicago lawyer.

Frank McDermott, retired Waukegan grocer, became chairman of the Democratic Central committee by a large vote Tuesday, after a period when it was predicted to be anyone's race. McDermott was a late candidate for the position.

A split between John O'Keefe, of Highland Park, retiring chairman, and the Clarence N. Goodwin faction over the patronage question, resulted in the elimination of either man as a candidate and a quest for one who would bring harmony to the party.

Other suggested candidates were Thomas Duell of Highland Park; Frank Kennedy of Libertyville; Robert McCready of Lake Forest; John Dromey of North Chicago; George Reed Lyon and Phil Meyer, Waukegan; and Elmer Sorenson, Antioch.

Petty to Speak at Men's Dinner

County Superintendent of Schools W. C. Petty will address the Men's Club at the Methodist Church this evening. Dinner will be served at 6:30 o'clock.

Mrs. Mary Mann and Mrs. George Randall visited George Randall at the Edward Hines hospital in Chicago Tuesday. The operation performed last week was successful, and his condition is now favorable, although he will be confined to the hospital for several months.

A BUGGY WANTED

A call for an American-made buggy in good condition and at least 100 years old has been made by the Smithsonian Institute at Washington. It is to be placed in the museum with the exhibit of transportation vehicles, ancient and modern, and preserved forever.

This call will bring back older Antioch citizens' memories of the horse-and-buggy days, when travel was slow, yet when people took as much pride and satisfaction in the ownership of a fine horse and rig as people now get from ownership of autos. A buggy with red spokes and rubber tires, drawn by a sleek horse, was once the envy of the neighborhood. Forty years ago some of the biggest factories in the country were devoted to the manufacture of buggies, and thousands of mechanics were given employment. Today there are few plants engaged in buggy-making, while some of the former ones have been converted into automobile factories.

Trades and customs of the old days are gone the way of the world, but the memory of them still lingers with people who are impressed more and more by the changes of time. This is a new generation and it gets its travel enjoyment out of a new type of vehicle. Future generations will probably discard the automobile the same as the old buggy has been discarded. Uncle Sam knows this. That's why he wants to put a buggy in his great national museum for future generations to gaze upon, and marvel at.

TIME TO RENOVIZE AGAIN

Last spring a good many American communities inaugurated renovation campaigns, during which local citizens were urged to have their property inspected, and make necessary and valuable additions, alterations and repairs.

The campaign provided thousands of jobs. It sent money through a hundred major industries. Essential improvements were obtained at a fraction of what they would have cost a few years earlier.

This spring and summer should see additional campaigns of the same order. The needs for employment is almost as great as it was a year ago. The construction industry is still lagging behind business in general.

That peeling paint—the leaky roof—that ancient wiring which presents a constant fire hazard—that outmoded heating plant—that old plumbing—that rickety garage—those cracked steps—now is the time to fix and change them. It doesn't matter whether you have ten dollars to spend or ten thousand—in either case you are doing your bit to spur recovery, and you are getting bargain values.

By the time this is read, fireworks will probably be flaring in Congress over a White House-backed measure to place government credit back of a home building program.

According to the experts, there is a potential \$1,000,000,000 of cautious private capital which can be put to work if the government "insures" the investment. The Administration belief is that the mortgage

market needs support—that it likewise needs standardization of terms and provisions in making loans. The current proposal includes establishing requirements for a standard-type mortgage, to mature in 15 or 20 years. All building costs would be taken care of, eliminating the need for a second mortgage. Interest rates would be low, as compared with present rates. While the proposal is designed primarily to stimulate private small-home building, it is possible that small apartment-type houses, of not more than four stories would likewise be financed. The Federal government would guarantee the mortgages. Belief is that this would permit banks and lending agencies to make many loans that are now impossible.

If the bill passes—which, with the Roosevelt influence back of it, it probably will—it will bring to an end an aggressive campaign which contracting organizations, heavy goods industries, and some of the loan associations have been carrying on ever since the recovery program started. Home building has been lethargic since 1927. When depression set in, it practically passed away—the drop, as compared with the peak 1926 level, was something like 90 per cent. Most disastrous result was to throw out of jobs a heavy percentage of the 1,000,000 men who are normally employed in construction—plus an equally heavy percentage of another 1,000,000 who worked for the heavy industries supplying the lumber, steel, cement and other supplies used in building. It is definitely known that the death of home building wasn't due to lack of need or desire for new and better housing—most estimates place the nation's home shortage at 1,500,000 houses. Even that may be a modest estimate—during the past four years fire, obsolescence and decay have been more than usually destructive, population shifts have created house shortages in some places and left useless surpluses in others, and there has been a vast amount of "doubling up" of families.

A spokesman for the Administration has said that the present proposal is not regarded as a relief measure, that it is sound business.

TAKING OUR OWN MEDICINE

By Claudius E. Wade

Director, Chicago College of Commerce, Chicago

Sometime ago a lady suddenly became gravely ill. An eminent doctor was called and he diagnosed the case and prescribed accordingly. After taking the medicine, the patient died as suddenly as she had been afflicted. Relatives insisted that it was the medicine that killed and not the disease. The doctor grew very impatient with their questioning, and to prove that the medicine which he had prescribed was harmless, offered, and did take a similar portion himself. In the same number of minutes, as his patient, he was dead.

This incident seems so truly representative of most of us. When the other fellow is in trouble, we know just why he is and what he should not have done, as well as what he should do now. At this writing it seems that we have more people qualified for president than ever before. From every walk of life and on every hand, they come with the exact solution for all our difficulties, and yet no two of them seem to agree.

A city man said, "Let us go out and have a chicken dinner with the farmer, the chickens don't cost him anything." If you would not spend your own money for a thing, don't participate in the consumption when some one else foots the bill. Don't condemn anyone for anything until you project yourself into their position and then decide whether or not you would heed your own advice. Don't judge, criticize or presume to advise until you can survive a dose of your own medicine.

HICKORY BOYS RETURN FROM SOUTH

Ralph Fields Is Re-elected School Director; Hunter at Bean Hill

Gayhart Lange and Billy Nielson returned home Thursday morning from their several months' trip through the southern states.

At the school elections Saturday, Wilbur Hunter was re-elected at Bean Hill and Ralph Fields at Hickory.

Mr. and Mrs. Curtis Wells were surprised at their home Tuesday evening, April 19th, in honor of their 22nd wedding anniversary. Fifty-eight guests were present.

The children had a vacation Tuesday of this week. Miss Drem attended the funeral of her aunt, in Chicago.

Mrs. E. W. King, Mrs. H. A. Tillotson, and Miss Graco Tillotson spent Friday afternoon in Kenosha.

Mr. and Mrs. Hugo Gustafson and Ruth and Wilbur Hunter were Waukegan visitors Saturday evening.

Mrs. H. A. Tillotson entertained Miss Sophia George from Kenosha for supper last Tuesday evening.

Mr. and Mrs. Hansen from Chicago visited Wednesday with Mr. and Mrs. Ed Stream.

Mr. and Mrs. Clarence Crawford and Lucille from Waukegan visited Sunday at John Crawford's.

Miss Sundahl from Chicago spent last week at the farm.

TREVOR MAN IS GIVEN CERTIFICATE

Interment of Mrs. Mary Drom Is in the Liberty Cemetery

George Schumacher has just received from the state his certificate of competency in handling explosives and permitted to prepare explosive charges and conduct blasting operations.

The remains of Mrs. Mary Drom, wife of the late Geo. O. Drom, Chicago, were interred in the Liberty cemetery by the side of her husband and little daughter, Louise, on Tuesday afternoon, just one year from the day her husband was buried.

Mrs. Drom was sister-in-law of Jacob and Wallace Drom, Antioch, and cousin of the Patrick families. She is survived by one daughter, Mrs. Will Drom, Chicago, and four sisters, Mrs. Mild Jackson, Picher, Okla., Mrs. Fannie Hamel, Springfield, Mo., Mrs. Emma Galtbrich, California, and Mrs. Leda Thompson, West Plains, Mo.

Week-end visitors at the Charles Oetting home were their daughters, Elvira Oetting, Madison, Adeline Oetting, River Forest; Bob Anderson, Omaha, Neb.; Karl Oetting and cousins, Fritz Oetting, Chicago, and Herman Oetting, Berwyn, Ill.

Mrs. Anna Zmerly and daughters, Evelyn and Mildred, Chicago, called on Trevor friends Sunday.

There will be the usual card party at the Social Center Hall Saturday night and everyone is requested to come in some sort of costume, either funny or hard-time, and fashioned or fancy. Prizes will be awarded for the best looking costume and also for the funniest one.

Mrs. Ottilda Schumacher moved from Kenosha to the Friedhoff house on Monday.

Miss Sara Patrick spent Wednesday with cousins at the Alfred Reynolds home, Wilmet.

Mrs. Jessie Allen, Mrs. Harry Lubono and Miss Daisy Mickle attended a card party at the Koepke store,

Twain Lakes, on Thursday, sponsored by the Wilmet O. E. S.

Mrs. Luanah Patrick and Milton Patrick called at the Jacob Drom home in Antioch, and the Alfred Reynolds home, Wilmet, on Wednesday evening.

Mrs. Charles Oetting and son, Fritz, were Silver Lake callers Friday.

Mrs. Nelson and Mrs. Rentner, Antioch, called on Mrs. Harold Mickle Thursday.

Mr. and Mrs. D. A. McKay and Miss Ruth Thornton were Kenosha visitors Monday.

Mr. and Mrs. Ed Matz called on their father in Chicago Wednesday.

Mrs. Daniel Longman and children were Kenosha shoppers Wednesday.

Charles Oetting transacted business in Chicago Wednesday.

The last of a series of the Trevor 500 club was held at the home of Mrs. Lucy Hollister, near Bristol, on Wednesday afternoon.

Mr. and Mrs. Clayton Lester, Spring Prairie, visited the latter's father, Elbert Kennedy, on Thursday.

Mr. and Mrs. Gus Lohkeman, near Bristol, called at the Charles Oetting home Wednesday evening.

The ladies of the Wilmet O. E. S.

will sponsor a 500 party at Trevor Social Center hall on Thursday afternoon, April 26, at 2 o'clock. There will be prizes and lunch.

Wilson Runyard left Tuesday from Fort Sheridan to the C. C. C. Forest Camp at Fildfield, Wis.

The Martin Johnson's Jungle Picture showed at Social Center hall on Friday evening by Mrs. Roy H. Ilenfeldt, Kenosha, was well attended. Miss Fay, Burlington, gave a piano solo and the school children sang a couple of pieces.

Mrs. Nellie Runyard and Mrs. Fred May, Antioch, were Kenosha shoppers Thursday.

Mrs. George Carroll was an Antioch visitor Saturday.

Raymond Kinross, Belvidere, Ill., and sister, Mrs. Winn Peterson, Kenosha, called on their cousins, the Patrick sisters, Saturday.

Mr. and Mrs. George Brown, Bristol, called on the Patrick sisters Sunday.

Sunday callers at the Joseph Smith home were their aunts, Mrs. Irving Elms, daughter Louise, and Mrs. Arthur Edgar, Antioch; Mr. and Mrs. Gus Panslaw, daughter, Marguerite, Chicago, who spent the week-end at their cottage at Camp Lake Oaks.

April 19, 1894

Fred Cannon, a student at Valparaiso, Ind., was home for a few days' visit last week.

L. E. Lamb, proprietor of the Lamb's Hotel at Camp Lake, was an Antioch caller Saturday.

The Y. M. C. A. have opened a reading room, which is in charge of S. F. Orice.

Miss Lillie Carver of Iowa arrived here Saturday and is visiting the family of N. S. Cannon. She will be in charge of the Benn Hill school during the summer time.

J. E. Perkins was the victim of a surprise party Friday evening.

Edson C. Howard, Fox Lake, who was seriously injured several days ago by being kicked by a horse, is now recovering.

Mr. and Mrs. C. Duncan, Milburn, are the proud parents of a bouncing boy.

Henry Sherry, Lake Villa, has erected a telephone line between his lumber yard here and the one at Antioch.

Mr. and Mrs. W. T. Kerr, Lake Villa, celebrated their crystal wedding Tuesday evening, April 17, 1894.

Twenty Years Ago
April 16, 1914

Mrs. Lohira Rushmore, elected town clerk of Grant, is Lake County's first woman village official.

A son was born to Mr. and Mrs. Wm. Dupre Tuesday, April 14.

Henry Seale and son of Superior, Wis., visiting his sister, Mrs. John Morley.

Mr. and Mrs. L. H. Fetter left Monday for Woodward, Okla., for a few days' visit.

C. W. Hill and family are moving from the Hucker house into the Westlake home recently vacated by Mr. and Mrs. Luther.

James Wilton has rented the Zellerbach farm north of town.

O. C. King and family left here Tuesday for their new home at Bond, Miss.

Miss Emma Ruppert celebrated her 21st birthday Sunday at the home of her parents at Fontana, Wisconsin.

Ground is being broken for the new Hussay bungalow on Main street, Lake Villa.

F. Hitchcox and wife, Russell, are rejoicing over the arrival of a baby girl.

Chicago papers of Tuesday contain the marriage license of Frank Stewart and Katherine Voluch, both of Antioch, and Waukegan papers that of Sidney Dibble and Mary Silant, both of Lake Villa.

Fifteen Years Ago
April 17, 1919

Wilbur Hunter and family spent Sunday with his sister, Mrs. Holtdorf and family at Bristol.

Mrs. Mary Guthrie has returned to her home here after having spent the past winter at Toledo, Ohio.

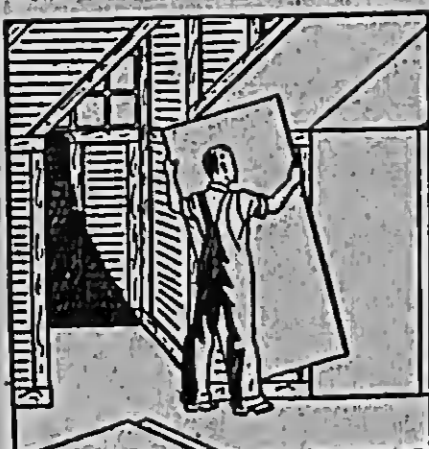

Mrs. Frank Chinn is spending the week with her mother, Mrs. Held, in Chicago.

Ray Kerr, Lake Villa, arrived home from Camp Grant last Friday.

Mr. and Mrs. D. J. Hooper celebrated their wedding anniversary at their home Saturday evening.

Miss Bertha White left Milburn Saturday to take up nursing at a hospital in Oak Park.

Mr. and Mrs. Herbert Robbins returned home to Trevor from Florida where they spent the winter.

Hints for Homemakers
By Jane Rogers

If you have an unfinished attic, you can cut down fuel costs and hot weather discomfort by insulating it. Insulation board of wood fibre nailed over the joists minimizes the loss of heat through the roof in cold weather and, in summer, retards the passage of heat from the roof through the ceiling. Joists as a rule are set on sixteen-inch centers. Since the boards are forty-eight inches wide, they can be put on with very little sawing.

Science has discovered that light foods eaten before retiring promote restful sleep. The sleep of a group of children was improved 12 per cent by substituting for their ordinary supper a light supper in which the main dish consisted of the familiar, easily digested corn cakes and milk.

LAKE VILLA FIRE
DEPT. RESPONDS TO
SEVERAL CALLS

Junior Miller Ill; Also Mrs. Alice Howard, and Nadr Child

The local fire department was kept busy Monday evening with two fire calls. The first was to extinguish a grass fire which started near Mrs. Witt's cottage and which spread rapidly, due to the high wind, and threatened nearby cottages, but with prompt action, no serious damage was done. The second call was from Wm. Duncan's home, near Allendale Lane when a fire which seemingly started among piles of hay stored in the garage at the rear, threatened to destroy the building, but was extinguished before doing much damage.

The local fire department answered two calls Tuesday afternoon—one to extinguish a grass fire near the Born property at Fox Lake, which spread as far east as Frank Richards' farm, and the second one a grass fire at Crooked Lake and where one cottage caught fire.

Junior Miller, youngest son of Mr. and Mrs. Carl Miller, who was operated on for mastoid trouble last fall, is confined to his home by a recurrence of the trouble, but we hope for a better report very soon.

Word received by Miss Mary Kerr from Mrs. Alice Howard who is quite well known here and has many friends here, states that she is quite ill at the home of relatives in Chicago, and unable to go to her home at Downers Grove.

The Leo Barnstable family, which has been in quarantine while Edna Joan had scarlet fever, was released Tuesday. We had hoped that this would be the only case, but on Monday, the three year old daughter of Mr. and Mrs. Joe Nader came down with it. The children at the school have been closely watched to prevent further spread of the disease.

Frank Mathis of Chicago spent the past week with his sister, Mrs. Stella Pedersen in clearing up her premises.

Mr. and Mrs. James McGlashan of Oak Park spent the week-end at their cottage on Oak Knoll Drive.

Mr. and Mrs. Rhymer and family who have been living in the Daube house, have moved to the Wilcox cottage on Route 21.

Mrs. Howitt, Clara Howitt and Miss Benham spent Saturday in Elgin and visited Miss Helen Howitt.

Mr. and Mrs. Charles Pistorius and daughters who have been living in the Avery house on Burnett Ave. during the winter, have moved back to

turned home to Trevor from Florida where they spent the winter.

Sgt. Charles Bruel arrived in Wilmet from Camp Grant. He saw service in France, England, Germany, and Belgium. Clarence Holtdorf also returned.

Ten Years Ago
April 17, 1924

Louise Dorier left sixth grade this week. She will attend school at Gross Lake, where her father, Louis Dorier, entered the hotel business.

Wm. Hillbrand, Ray Pregenzor and L. R. Watson attended the Shriner's meeting in Milwaukee Monday.

Miss Myrtle Peterson entertained a number of her schoolmates at a birthday party Monday evening.

Frank King and family who have spent the winter months in Florida are expected to return soon.

Chas. Loth and John Boyle, Silver Lake, left Thursday for Pennsylvania to inspect an artificial ice machine belonging to the Boyle company.

Little Jack Stratton, son of Mr. and Mrs. Harry Stratton, Lake Villa, is recovering from a broken arm.

Pete Laursen has started work as a patrolman on the Channel Lake-Fox Lake road.

John Thayer is recovering from pneumonia.

Rotnour Players
Close Season Here
Tomorrow NightPopular Stage Players End
Engagement Sponsored
by Merchants

J. B. Rotnour and his popular company of stage players will close their engagement at the Crystal for this season tomorrow night with the presentation of "The Little Brown Church in the Vale." Mr. Rotnour states that this play has been especially leased to him by the author, J. B. Angell who lived near the scene of the events which form the background of the play. The presentation is a domestic comedy.

The series of plays closing tomorrow night has been sponsored by Antioch merchants, who have been giving free tickets of admission which with a dime service charge at the box office is good for admission to the theatre. The plan has been successful beyond expectations, as the Crystal has been filled to capacity each Friday night and many were turned away. The plays have been well presented and have proved enjoyable to all who attended.

Within the next few weeks the Rotnour company will begin their summer tour in the north.

the cottage they occupied last summer at Deep Lake.

Mrs. Ed Tiede and daughter, Barbara, are spending the week with relatives in Chicago.

Mrs. Paul Avery was hostess to the Bridge club at a bridge-luncheon at her home last Thursday afternoon. Mrs. Joe Hucker won first prize, Mrs. Fred Hamlin second, and Mrs. Stella Pedersen the consolation prize.

Mrs. Beatrice Sherwood and Frances were confined to their home last week by illness. Frances had had a perfect record at school up to this time.

Mr. and Mrs. George Mitchell and Helen Ann of Chicago came out Saturday for a short visit with their parents, Mr. and Mrs. James Kerr.

Kenneth Hart, cashier of the bank, spent Wednesday afternoon and evening in Chicago.

Mr. and Mrs. Peter Mork of Park Ridge, Ill., spent Monday in our village.

The P. T. A. held its regular meeting at the school on Monday afternoon, and Mrs. Maude Parsons was elected president, Mrs. C. Frye, vice president, Miss Masterson as secretary, and Mrs. John Meyer was retained as treasurer.

School election Saturday evening was very quiet and as Mrs. H. H. Perry, retiring member of the board, was willing to accept another term, she was elected. There was no opposition.

Miss Anna Seelch has entered the Lake County hospital as a medical patient.

CHRISTIAN SCIENCE CHURCHES

"Are Sin, Disease, and Death Real?" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 15.

The Golden Text was, "I will restore health unto thee, and I will heal thee of thy wounds, saith the Lord" (Jeremiah 30:17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Sing, O daughter of Zion; shout, O Israel; be glad and rejoice with all thy heart. O daughter of Jerusalem. The Lord hath taken away thy judgments, he hath cast out thine enemy; in the midst of thee; thou shalt not see evil any more" (Zephaniah 3:14, 15).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Truth practiced and demonstrated by the destruction of sin, sickness, and death" (p. 201).

A Princess in the Kitchen

By Mabel Love

THE operatic stage has probably never known a more colorful personality than Mary McCormic, former Princess Midvint, yet in spite of the busy and exciting life she has led, there remains a curiously domestic side to the character of this famous prima donna.

For instance, Miss McCormic likes to cook, and with this goes a natural liking for good food—also a fondness for foreign cooking, along with her high esteem for the traditional American dishes.

On the Continent, she points out, eating has really become an art, and Europeans attach the proper importance to the extra touches that arouse the enthusiasm of the connoisseur of food.

"In Europe," she says, "wine sauces are largely used to enhance the flavor of meats and fowl. A duck, for instance, bathed in sherry wine sauce, with a few raisins added for special flavor, and a fruit compote, preferably of apricots, gains immeasurably in flavor and in appeal."

"There is no reason why we, too, cannot enjoy these delicate touches for which the French are so famous. Champagne sauce, served with roast ham, was a popular dish in America before prohibition, and there is every reason to believe it will return to favor."

"The ham was sugar glazed and the hake, and the sauce was made from the liquid that formed in the pan, and then, at the very last moment, champagne was added. Bring on the ham, and with it, by all means, the garush, in the form of a fruit compote, with-

Mary McCormic, former Princess Midvint, and famed opera prima donna, prepares a dish fit for any prince or king, in her own kitchen.

which no meat dish is really complete. Here is the recipe which I always use in my home:

Fruit Compote

"Cover dried apricots with cold water. Soak overnight. In the morning bring to a boil and cook slowly until tender. Strain and add a cup of sugar to a cup of fruit. Add one tablespoonful of cinnamon and half teaspoonful of cloves to each quart of pulp. Simmer slowly until thick."

"This will keep indefinitely if stored in sealed jars, and is really delightful served with roast beef, pork, fowl or even with fish."

Methodist Women--

(continued from page one) and the high school orchestra, and a group of high school girls sang in the afternoon.

Over 100 persons were served at the noonday luncheon, and there was a larger attendance in the afternoon. Waukegan was represented by 30 at- tendants, the largest delegation from any Lake county church.

The principal address was by Miss Ada Townsend, Evanston, who spoke on the subject, "Christian Citizenship Among Our Church Folk." The meeting was closed with a special candle-light service conducted by Rev. L. V. Sillor, pastor of the local church.

The church was beautifully decorated for the occasion by S. E. Pollock, Antioch florist.

The Methodist Woman's Association was organized two years ago. The meeting here Tuesday was the first to be held in Antioch.

Antioch Ping Pong Team Meets Defeat

The Antioch Ping Pong team lost its first match in the Ping Pong tournament held at Sportsmen's Park, Waukegan, Wednesday night to the powerful Waukegan First National Team. The score was 3-7.

Come to the Moose dance Saturday eve., April 21, at Moose Hall. (36c)

L. O. Bright arrived home last

Thursday evening from the Mayo

Bros. clinic at Rochester, Wis.,

where he had spent two weeks un-

dergoing examinations. He is re-

suming his duties at the high school

this week.

It's not the original cost but the

up-keep that counts in a refrigerator.

Let us prove it. King's Drug Store.

Mrs. H. F. Beebe spent Monday in

Waukegan and Libertyville.

William Brooks spent the week-

end in Antioch the guest of his par-

ents, Mr. and Mrs. Ernest Brooks.

Miss Flora Orvis of Pleasant Pral-

rio spent Tuesday with Mrs. Charles

Alvors.

Beautiful, up-to-date patterns in

Reeves' Drug Store.

Mr. and Mrs. Fred Stephenson of

Waukegan returned home Monday

after spending several days at the

home of their mother, Mrs. W.

Taylor.

Les Crandall spent Tuesday morn-

ing in Chicago.

Mrs. Inez Ames attended the fu-

neral services of her cousin, Miss

Allice Jamieson, at Racine yesterday

afternoon. Burial is in the Millburn

Cemetery.

Dr. L. John Zimmerman attended

the 61st annual dental clinic at the

Loyola University Dental College

Monday and Tuesday.

Clayton O'Haver visited friends in

Madison, Wis., over the week-end.

Miss Hilma Rosing spent the

week-end

POPPY IS TITLED MEMORIAL FLOWER

Disabled Vets Create More Gallant Blooms to Re- lieve Need

Information on the history of the symbolic poppy, its significance, and use as a means of aiding disabled veterans will be provided in this and subsequent articles submitted by Mrs. Adolf Pesat, Poppy chairman of the American Legion Auxiliary.

The Flanders poppy, prolific wild flower of France, blooming beside the front line trench and the shell hole during those tragic days of the World War, earned its title, "Memorial Flower," by its gallantry in action. As the American soldiers struggled through the shattered villages, across the shell-torn fields and over the blasted hillsides, they saw one touch of life and beauty in that region where death and destruction reigned—the brave little POPPY, with its message of courage and hope.

This spring, a red crepe paper Poppy, Memorial Flower of the American Legion and its Auxiliary, is lifting its gay banner of courage in fifty-six hospitals and workshops, where thirty-six Departments are sponsoring the Poppy Employment Program, upon a battlefield where death, disease and despair are entrenched.

To the thousands of disabled veterans fighting this grim battle, the tragedy of the World War is not a memory; it is still a heart-breaking reality. They need courage to see them through the empty days and nights that are filled with nightmares wherein they see their loved ones without the necessities of life.

In the fashioning of this gay, red blossom, each disabled man sees a chance to regain his peace of mind and self-respect through profitable employment.

Men Paid Cent Each

The men are paid one cent each for making the Poppy and attaching the label, "Veteran Made," which is their guarantee to their buying public that every poppy we sell for them is made by a disabled veteran. Last year, wages roughly totalling \$72,000 were paid to disabled veterans by our organization for making the poppies which we sold on Poppy Day.

This year, the gallant peace-time army of the American Legion Auxiliary, that has dedicated its services, primarily, to the care of disabled and needy veterans, their dependents—is fighting a grim battle with material want and need and discouragement. Therefore, the dimes, quarters, and dollars which generous-hearted America contributes for our Poppies on Poppy Day, form the major portion of the funds used in the Unit, Department and National Rehabilitation and Child Welfare work. These programs cannot move forward this year unless we have the courage and the will to provide the necessary funds by bringing to successful accomplishment our slogan for this year—"Advance Our Poppy Day," May 26th.

Books Or Pamphlets Of All Kinds May Be Secured By Library

Local Librarian Willing to Cooperate in Obtaining Reading Matter

Knowledge in a nutshell is offered the wise reader who knows how to make use of free pamphlet collections in his public library, Miss Mary Stanley, librarian of the Antioch library, said today, commenting on the recent return of pamphleteering. Popular demand for information which is up-to-the-minute, reliable, and easily obtained has resulted in a flood of pamphlets on an endless variety of subjects, Miss Stanley pointed out.

Low cost diets are suggested in pamphlets issued by Cornell University, the Home Economics Bureau of the U. S. Department of Agriculture, and similar reliable sources, and obtainable on request at the public library.

Boy Scouts use many pamphlets in working for their merit badges; men and women use them for information on public questions, civil service examinations, entertaining, gardening; teachers use them to supplement their class work.

Better book service for Illinois readers is the object of a state survey of public libraries being started recently with the aid of twenty librarians employed under the Civil Work administration.

The survey will cover the 277 free

Versatile Corn

Put corn in a rabbit or some combination—
You'll find the results are just
"swell!"
Just make this a habit for your
delicacy.
And use it in salads as well.

Here's the way to make the first dish mentioned in this doggerel:
Corn and Pea Starch: To toast: Make a cheese sauce of two tablespoons butter, two tablespoons flour, one and one-half cups milk and one cup grated cheese. Drain the contents of an 8-ounce can of whole kernel corn and of an 11-ounce can of peas, and sauté a few minutes in two tablespoons butter, then add to the cheese sauce. Season to taste with salt and pepper, and serve on toast. Serves six to eight.

It Catches to Carrots:
The next two are combinations of corn and carrots and you'll find that they go very well together. The first costs only twenty-five cents.

Carrots and Corn O'Brien: Melt two tablespoons butter in a skillet, add one-half a green pepper, shredded, and half the contents of a No. 1 flat can of whole kernel corn, and sauté five minutes. Add the drained contents of an 8-ounce can of sliced carrots and one tablespoon chopped pimiento, and season to taste with salt and pepper. Continue cooking until a golden brown. Serves four.

The second will serve two dozen people unless too many of them call for more.
Corn Salad: Marinate the contents of three 12-ounce cans of whole kernel corn and one and a half cups of grated or finely-chopped raw carrot in one cup French dressing for an hour or so in refrigerator. Add one cup shredded ripe olives, and serve in a nest of lettuce.

public libraries and 54 association libraries of the state, and will be particularly concerned with the educational resources now offered and the relation of the public libraries to other educational agencies.

Approximately 1,600,000 readers use Illinois libraries. Nearly 1,600,000 people in the state are without public library service.

Libraries Aid Inventors:
New inventions, perfected with the aid of books secured at the public library, are being reported to librarians in various parts of the country.

A Decatur library patron recently received "a sum in five figures" for a new refrigerator developed with the aid of chemistry books borrowed from the public library.

A woman in Minneapolis, Minnesota, studying the chemistry of water softeners through public library books, reports a successful experiment with a new type which has encouraged her to branch out into manufacturing related products.

World famous inventors have acknowledged their indebtedness to reading done through public libraries, among them being Thomas Edison, Henry Ford, Luther Burbank, and Orville and Wilbur Wright.

The Antioch News

Widow of Former Antioch Man Dies

Mrs. Mary Drom, widow of Ben Drom, who passed away just a year ago on April 13, was taken by death April 14 at her home in Chicago.

Mary Ann Cass was born in Missouri about seventy years ago, and was united in marriage with Ben Drom April 2, 1901. She is survived by one daughter, Mrs. W. J. Bryden, Chicago, and several sisters.

Funeral services were held Tuesday in Chicago, with interment in Liberty Corners Cemetery. Those from Antioch attending were Mr. and Mrs. Wallace Drom and daughters, Grace and Anna; Mr. and Mrs. J. B. Drom, Dwight Drom, Mr. and Mrs. Harold Ellis, Mrs. Floyd Horton, and Mr. and Mrs. Nelson Drom. Ben Drom was a brother of Wallace and Jacob Drom, Antioch.

School Relief--

(continued from page 1)

revenue is the state. New York reaches into her state treasury and takes approximately \$102,000,000 yearly for distribution to her common schools. The major sources of revenue poured into her state treasury are: franchise, gross earnings and income taxes on business corporations, transportation companies, utility companies, insurance companies, financial and banking institutions; personal income taxes; motor vehicle license and motor fuel tax; mortgage registry tax etc. New York maintains a level of \$1500 yearly for each elementary school teaching unit and \$1900 for each high school.

Examples of numerous other states might be cited which would put to shame the efforts the state government in Illinois makes to maintain a standard program of education for our children.

Many Shirk Responsibility:
The ugly truth is that many of our ablest citizens contribute in but small measure toward support of our state and local government. Illinois supplies 9 per cent of the number of people making income tax returns to the federal government; yet these 9 per cent pay but 5.8 per cent of the state and local taxes paid by all federal income tax payors reporting. Illinois citizens who report federal income taxes pay 1.6 per cent of their net incomes for state and local taxes giving Illinois the rank of 46th among the states. The average in the U. S. is 2.45 per cent.

How shall we reach the tax-paying ability of Illinois more effectively? A personal income tax with a flat rate possibly would be upheld now; and if so would be more equitable than our present general property tax or our more recent retail sales tax on tangible goods. Both of these present forms of taxation are regressive; that is they hit the poor relatively harder than the wealthy—because the rich do not schedule as large a proportion of their property with assessors and because they spend a much smaller proportion of their income at the retail stores.

Moreover, we should urge an income tax on corporations. Furthermore, we should by all means urge special legislation for taxing the sale of grain futures upon the Board of Trade. For the past eleven years the average yearly sales of grain sold for future delivery in Chicago have been above 14,000,000,000 bushels. A very modest rate of tax would realize many millions of dollars annually.

In lieu of a personal income tax with uniform rate as proposed above, there may be suggested a low flat-rate occupational tax on wage-earners, salaried-workers, and those engaged in professions.

Instead of overburdening the already oppressed property owners, it is up to those who are able to support government to begin to shoulder their duty and carry on like true citizens.

Miss Lorraine Hanks of Proctor, Minn., is spending several months in Antioch with her sister, Mrs. William Anderson.

Mr. and Mrs. Charles Alvers spent Saturday in Kenosha, visiting relatives.

FUTURE FARMERS--

(Continued From Page 1)

his son, Earl White, was honored by a year hence and today another son, George White.

"Mr. White started farming for himself in 1912 and has since cooperated with the University of Illinois in maintaining an experiment plot on the farm which was started by his father 32 years ago.

Outstanding Dairy Farmer:
"In his work with a herd of pure bred Holstein cattle he has had the high production herd of the county 3 different years and holds two certificates presented by the National Dairy Association on two occasions for having an average of 360 pounds butter fat per cow per year.

"He also holds a gold medal presented by the University of Illinois for having a cow produce 600 pounds or more of butter fat per year.

"He is a charter member of the Lake County Holstein-Friesian Association and the first president of that association.

Largely through his efforts enough pioneering work was done in the tuberculosis testing of dairy cattle to bring pressure on the State Legislature to pass laws to conform with the Federal Law, making it possible for farmers to receive indemnity for cattle found diseased.

"As a result, enough work in testing was done so that Lake County was ready without much opposition to meet the requirements of the Chicago Board of Health when the order against the use of milk from infected cows was issued. This remains as Mr. White's outstanding good work, the value of which cannot be estimated.

Active Community Worker:

"In 1916, Mr. White was president of the Lake County Federal Land Bank Association.

"He has held offices in the Farm Bureau, Lake County Fair Association, and Farmers' Institutes.

"He has been director for 19 years of the Oakland School District and now is the President of the Antioch Township High School District.

"That he is one of the outstanding Presidents of the High School Boards in the state is evidenced by the fact that he was asked to address the State Association of Vocational Agricultural Teachers at the University of Illinois a year ago.

"He is a devoted church worker. Recently he has modernized his home and with the members of his family enjoys the comforts of the higher standards of modern farm life.

"He attended the Rochester Academy from which he graduated in 1910. He attended the Short Course at the College of Agriculture, University of Illinois."

Lake Geneva Editor Speaks:

Frank Higgins, editor of the Lake Geneva Tribune, was the principal nova Tribune, was the principal present when he discussed "The speaker and his talk was indeed an inspiration to both old and young Possibilities in Agriculture."

A surprise was in store for everyone when Mr. Bright, principal of the High School, arrived from Rochester, Minn., and gave a brief talk at the banquet.

Music was furnished by four of the F. F. A. boys accompanied by Mr. Holweide.

Most of the food for the banquet was furnished by the boys and prepared and served by the Home Economics Girls under the supervision of Mrs. Richey.

Everybody agreed that the event was a great success and the inspira-

tion gained from the speakers and the associations of fathers and sons will be perpetuated on and have a great influence in the destiny of many of the young men present.

ADJUDICATION NOTICE

PUBLIC NOTICE is hereby given that the undersigned William C. Lepski, administrator of the Estate of Orilla M. Garwood, deceased, has fixed up Tuesday, the 5th day of June A. D. 1934, as the return day for the hearing of all claims against the above named Estate. All persons having claims against said Estate are hereby notified and requested to attend the Probate Court of Lake County, Illinois, on said date at ten o'clock A. M. for the purpose of having said claim adjusted.

WOMEN'S PAGE

Choose Right Frames for Your Pictures

A few pictures on the wall usually make any room more homelike. One of the most important things to remember in choosing a frame for your pictures is to select those which will not, because of their size or color, detract from the picture itself. On the contrary, a frame should always set off and give finish to a picture. It should also help to bring out the color and composition in the picture.

If you pick frames that are simple in design, that are not too large for the picture and which harmonize in color with the middle value of the picture you can hardly go wrong. Frames in tones of dull gold or bronze harmonize in color with most pictures.

Carbon-Dioxide Method Best for Storing Eggs

The method of storing eggs in vacuum and the carbon-dioxide gas developed nearly three years ago by Department of Agriculture scientists proved superior to the ordinary commercial methods in a series of long-time storage tests recently concluded. Eggs stored by the department's method kept their original quality and grade much better than those stored by any one of the other three methods typical of those in common packing house use. The carbon dioxide treatment had the added advantage of retarding considerably the quality deterioration which usually occurs in washed eggs during storage. Washed dirty eggs are seldom stored because dealers are unwilling to risk the loss involved.

Did You Ever Try These Recipes? Do, Please

Rhubarb Pie

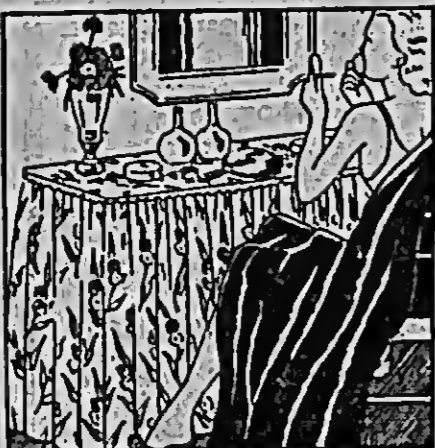

To make the crust, sift together two cups pastry flour, 1/2 teaspoon salt, one teaspoon baking powder. Chop in 1/2 cup any preferred shortening. Add just enough cold water to hold the dough together. Handle as little as possible. Divide the paste into two equal portions. Roll out one and line pie plate. Then put in filling. Roll out the rest of the crust, and after wetting the edge of the bottom crust to make dough strips held, cut paste in narrow strips and lay across in lattice fashion, pinching them firmly to the bottom crust. Keep enough dough to make a rim around the pie, pressing it firmly to bottom crust with the tines of a fork, and bake in rather hot oven from 30 to 45 minutes, but be sure the bottom crust is perfectly done. Some cooks brush the bottom crust with the white of egg before putting in the filling so that juice will not soak into the dough. If the pie dough is put on ice for an hour before rolling out, it will be flaky and much easier to handle.

Filling for Rhubarb Pie

Cut off green tops and the root ends of rhubarb and put in cold water for an hour before using to stiffen up the stalks. If it is straw-

Hints for Homemakers

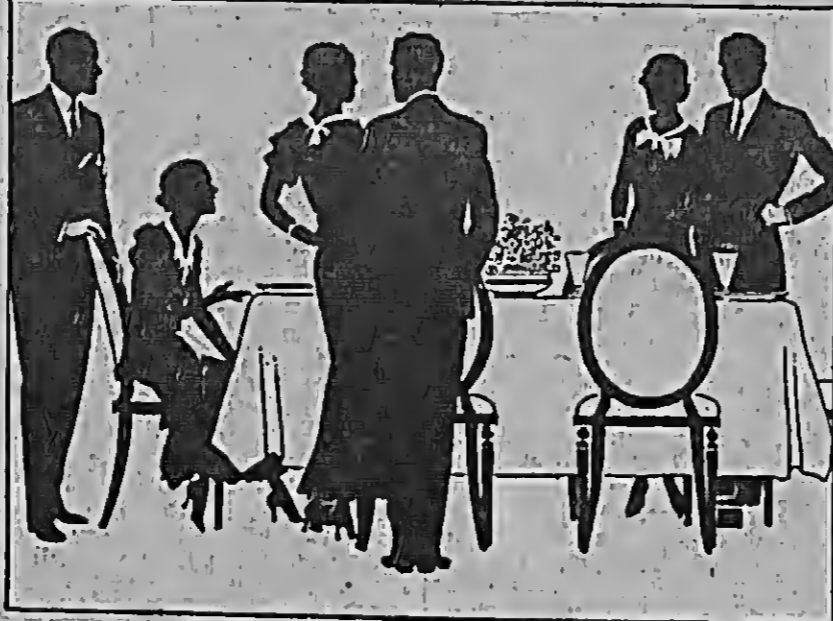

By Jane Rogers

A new sewing machine can easily be converted into a smart dressing table. Saw a piece of pressed wood, obtainable from a lumber dealer, to the right size. Nail it to a frame made of 1/2-inch square wood, and cover the entire top with a colorful chintz or other heavy material, taking care to tack it tightly around the edges. Then give it a coat of shellac and you have a serviceable table top. A ruffled skirt should be made of the same material and tacked to the frame. If you wish to use the machine, simply lift off the top and skirt.

Serving a fruit garnish or compote with the meat course adds a pleasing touch to the dinner. It is not only delicious in itself but provides a pleasant contrasting flavor to heavier dishes. Another all-important point for the busy housewife is that such garnishes and desserts are easily and quickly prepared.

A \$1.50 Dinner for 6

It's fine to be able to serve a fair dinner to six people at a cost of only twenty-five cents each, but it is still better to be able to serve a dinner like the following which will taste more as if it had cost fifty cents or a dollar per person.

Individual Casseroles of Salmon and Asparagus 59¢
Fried Potatoes 10¢
Shredded Lettuce, Radish and Cucumber Salad 20¢
Hot Rolls 23¢
Cherry Cobbler 28¢
Coffee with Cream 10¢

Individual Casseroles of Salmon and Asparagus: Drain the contents of a No. 2 can of all green asparagus tips, and lay the tips in six shallow, buttered flat casseroles or baking dishes. Sprinkle

with salt and pepper. Break up the contents of one tall can of red salmon in rather large pieces, and lay on top. Pour over one cup sour cream, thinning it with a little asparagus liquor if too thick. Salt and pepper slightly, and bake until piping hot and the cream slightly browned.

Cherry Cobbler: Add the syrup from a No. 2 can of red pitted cherries to two tablespoons sugar, and one tablespoon flour, mixed together, add one tablespoon butter, and bring to boiling. Add cherries and bring again to boiling. Divide among six individual ramekins or small baking dishes. Cut out rounds of pastry the same size as the tops of the casseroles, slash each in center, and lay one on each ramekin. Bake twenty-five minutes in a hot 400° oven.

berry rhubarb or the tender early green kind, do not skin, but be sure to skin the tough thick sort. Cut in inch pieces, sufficient to make three cups. Cover with boiling water and let stand for 10 minutes. If old, but only 5 minutes for the tender sort. Drain well, mix with 1 1/2 cups sugar, one tablespoon cornstarch and a few grains salt, put in the paste-lined pie plate and add lattice strips.

Pecan Cookies

1/2 cup butter or shortening
1/2 cup granulated sugar
1 cup chopped pecan meats
1 teaspoon cinnamon
3 egg yolks
1 1/2 cups flour
2 teaspoons baking powder
1/2 teaspoon vanilla extract.

Cream butter and sugar, add egg yolks. Sift flour and baking powder and add, also cinnamon. Stir in nuts and flavoring. Let dough set in ice box for two hours. Then roll out, cut, brush with white of egg and sprinkle with granulated sugar. Bake in quick oven.

Banger Brownies

1/2 cup butter or shortening
1 cup granulated sugar
2 squares shaved chocolate
2 eggs
1/2 cup sifted flour
1/2 cup chopped walnuts
Tiny pinch salt.

Melt chocolate over boiling water. Cream it with butter and sugar. Add the well beaten egg yolks, then the flour, salt and nuts, and finally the well beaten egg whites. Drop by spoonfuls on buttered tin, leaving an inch between, and bake in moderate oven.

Coconut Macaroons

Coconut macaroons are especially toothsome. They are rather expensive if you buy them at the bakery or store, but making them at home isn't. Here are the ingredients for a fair sized batch:

1 cup granulated sugar
Whites of 2 eggs
1/2 pound shredded coconut
1 teaspoonful baking powder
2 cups corn flakes.

Mix the sugar with the beaten egg whites, then mix in the other ingredients and mold the resulting mixture into little egg shaped balls. Place these in a greased pan or cookie sheet and bake in the oven.

Agents Welcome

Visitor—You say you enjoy book agents coming around here?

Farmer—Yop.

Visitor—But you're not fond of reading.

Farmer—No. But I have made several book agents pay ten cents a glass for condensed milk and purty near sold one of 'em a horse.

"I thought you said you were a man of means."

"Pardon me, I left off the adjective."

"What adjective?"

"Limited."

Fruit Aids

Trim Figure

How would you like to have to keep your weight down to one hundred and eighteen pounds? Fruit, either canned or fresh, according to American Airways' stewardesses is an ideal breakfast for accomplishing this object.

For two reasons, these modern young women are recognized authorities on the subjects of diet and weight control. First, because of the fact that their duties are aloft, on giant fifteen-passenger planes on the air lines New York-Buffalo-Detroit-Chicago and Southern Transcontinental routes, and they are required to maintain their weight at or under this prescribed maximum of one hundred and eighteen pounds. Secondly, because all of them are registered nurses, and acquired dietetic knowledge in the course of their training.

Makes Dieting Easy

The stewardess shown above thrives on a breakfast diet solely of fruit. She says it permits her to indulge in the pleasures of luncheon and dinner, without fear of gaining weight. For the morning meal she particularly recommends pineapple, grapefruit, pears, peaches, prunes, figs or tomato juice. In her opinion, canned fruit is equal in nutritive value to fresh.

The duties of an air line stewardess are to answer passengers' questions, aid them in securing maximum pleasure from the flight, and to serve delicious full-course meals aloft. American Airways' menus, arranged by competent dietitians, include: tomato juice, orange juice or steaming bouillon; chicken, olive-oil, cheese or egg salad; baked ham, roast beef, tongue, veal or turkey sandwiches; fruit salad, including cantaloupes and pineapples; olives and pickles; wafers and cake; coffee, and mint.

I wish to thank all my friends for their support in Tuesday's election.
JOHN PACINI

THE Camirror

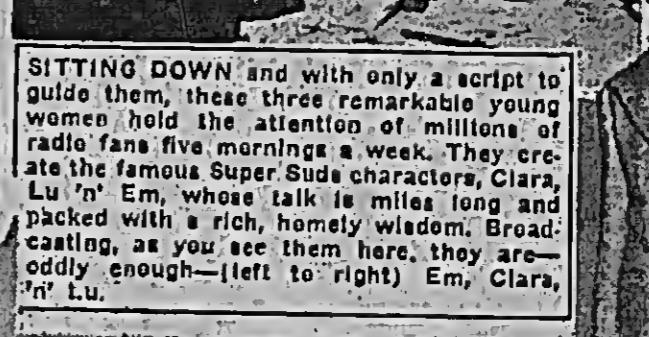

RAIL NEGOTIATION—Joseph B. Eastman, center, Federal Coordinator of Transportation, started his attempt to compromise the deadlock between railroads and the railroad brotherhoods, by conferring with a group of rail chiefs.

WHEN DREAMS COME TRUE—Mary Locke, clasped in the arms of her mother, Mrs. Mary Altora, from whom she was kidnapped fifteen years ago. Mary, now 18, came to Chicago recently and found her mother.

JEANIE COOKS TO MUSIC—Jeanie Lang, radio ingenue of the popular Powder Box Revue is crazy about cooking and naturally loves music. An admirer has given her a compact Atwater Kent for her kitchen and the star now invariably cooks to music. Also, she admits being an ardent follower of the crime broad-casts of the police.

SITTING DOWN and with only a script to guide them, these three remarkable young women hold the attention of millions of radio fans five mornings a week. They create the famous Super Side characters, Clara, Lu and Em, whose tale is miles long and packed with a rich, homely wisdom. Broadcasting, as you see them here, they are—oddly enough—(left to right) Em, Clara, Lu.

AIDS SON IN FIGHT FOR LIFE—M. and Mrs. Paul Dubonnet, millionaire winemaker, and his wife, known to Broadway as Jean Nash, "The Best Dressed Woman in the World," Mrs. Dubonnet invited to lead her support to the son of a girlhood marriage, Andrew Kirwin, when he faces the Federal Court in New York.

That's what Jerome Herman (Dizzy) Dean, left, and brother, Paul, announced at the Cardinal training camp.

MISS MIRIAM HOPKINS GODMOTHER TO NEW PERFUME—Miss Miriam Hopkins pictured in the role of being a godmother to a new perfume, "Bouquet Letheric," the "Daytime Fragrance." Miss Hopkins wears a light weight tweed suit in a soft shade of gray, with a matching hat of rough straw in the style of a wide-brimmed Breton sailor. Bright or color is introduced into the ensemble in the light blue and gray striped scarf, which is short and crisp.

THE DEANS ARE MODEST!—"You can count on the Dean Brothers for 45 games won!" That's what Jerome Herman (Dizzy) Dean, left, and brother, Paul, announced at the Cardinal training camp.

Ought to Know

"Dobb wanted to spend his vacation in the mountains and Mrs. Dobb wanted to go to the country."

"How did they settle it?"

"Say old man, I thought you were married."

Let's Be Friends

"Two of my friends are having a social war. One gives dances and the other comes back at her with a bridge party. So it goes."

"Have you taken sides?"

"I should say not. You get more invitations by remaining neutral."

No Free Act

"The midget is going to get a divorce from the fat lady."

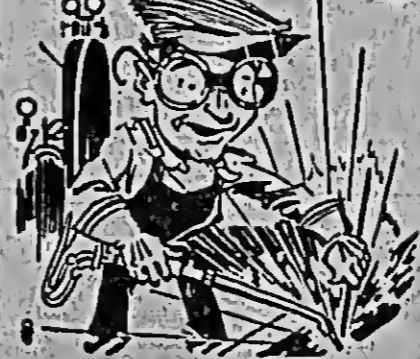

"What are the charges?"

"Oh, I suppose fifty cents as usual, children half price."

"DeBore called on you last evening! I suppose you didn't get a chance to open your mouth."

"Oh, yes, I did. I yawned several times."

CHANGE NOW AND SAVE CHANGE

MURRIE'S Service Station

Driving in temperature like we're having now with the same oil you used in cold weather is a good way to ruin your motor. Drive in and let us change the car over to Iso-Vis-D, the proper oil for spring driving. Let us grease it all around to prevent repair bills—and send you on your way all set for SAFE and Economical motoring on through the Spring.

THE RIGHT WAY TO CLEAN TEETH

Probably most of us feel that we are quite conscientious about brushing our teeth, because in this enlightened age brushing the teeth in the morning and at night usually has a regular place in our routine. Few people, however, spend three to five minutes in cleaning their teeth, and even fewer people clean their teeth after every meal and at bedtime as they should.

There is a right way and a wrong way to clean teeth. Just pushing the brush around the mouth a few times is not enough. Here is the right way:

Select a fairly stiff brush with spaces between the bristles. Place the brush at an angle of 45 degrees with the tooth with the bristles between the teeth, and using considerable pressure, give the brush several "shimmying" movements without removing the bristles from their places, thus loosening any particles between the teeth.

After three or four of these movements, switch the bristles toward the chewing surface of the tooth. On the lower teeth this will be an upward movement; on the upper ones a downward action. Repeat these movements until both the inside and outside surfaces of every tooth have been reached. Finally, follow this entire procedure with a mouth wash, forcing it in and around the teeth so that all accumulations loosened by the brush will be removed.

The chewing or grinding surface should never be brushed with a sweeping motion but with a scooping action, forcing the bristles in and out of the grooves.

Two Warnings.

There are two things to be definitely avoided—first, don't brush horizontally, as this motion fails to clean the spaces between the teeth, pushes the gums away from the teeth and causes grooves to form at the necks of the teeth. And, second, don't depend entirely on your dentifrice, use enough energy so that the bristles, besides cleaning the teeth, will also massage the gums.

This is one of a series of articles on "How to Have Attractive Teeth" released in cooperation with and approved by the public service committee of the Chicago Dental Society.

How to Eat for Health and Beauty

Patricia Ellis, 16-year-old screen beauty, typifies the natural charm of healthy youth.

THE sub-delta complexion problem is hardly a problem at all, for if she follows a healthful diet she can well ignore cosmetics and skin creams. Even such special skin troubles as pimples which sometimes crop up to worry 10-year-olds can usually be controlled by a diet abundant in fresh milk, cheese, buttermilk, leafy vegetables, oranges and grapefruit; and low in rich pastries, candy and fried foods.

True Exchange

THE false belief that matter is substance underlies the error of hoarding. Those who accept this false concept are afraid to spend the money they have for fear they will not get more. During times when there has not been much money in active circulation, people have in some instances resorted to bartering. The farmer who had potatoes, if he needed sugar, took his potatoes to a grocer, who gave him sugar in exchange; and thus one individual supplied another's need and in turn found his own need supplied.

Christian Science reveals that God, divine Love, is the only substance. Our part, then, in true exchange is the expression of love in helpful service. When we render helpful service to another we are certain to receive good in exchange. If we meet someone who seems discouraged, we may try to cheer him, and in a measure succeed. Perhaps all he may say is, "Thanks for cheering me up." It may have seemed that we did not get anything in exchange for the service rendered, but the feeling that one has helped another is a wonderful reward. Each act of loving service expresses the law of divine Love, which is operating always to bless. We should not do something for others simply with the expectation of getting a material reward or with the hope that the law of Love will operate in our behalf, for that would show that we were not animated by divine Love, and therefore were not conforming to the law of Love. We should understand that, with the disinterested and animated by divine Love in doing helpful things, we are obeying the law of Love which ever operates to bless.

The Master said: "Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete with it, it shall be measured to you again." Keeplog this admonition before us, we shall be careful how we think and act. Thinklog loving thoughts and doing loving acts bring them back to us "pressed down, and running over."

The highest reward one can receive is described by Mary Baker Eddy, the

Discoverer and Founder of Christian Science, when she states that the spiritual accompaniment of the persistence in the elevation of existence above mortal discord, and in the gift of divine Love (Science and Health with Key to the Scriptures, p. 98). This reward comes in exchange for the constant desire, and effort to be of true service to others. If we earnestly entertain this desire, we have taken the first step toward gaining the reward. True desire is prayer, and true prayer never returns void. The earnest and steadfast desire that we may be of service to others steadily increases our opportunities in this respect. Many have been helped in their effort by starting the day with the prayer contained in one of Mrs. Eddy's poems (Poems, p. 13):

"My prayer, some daily good to do
To Thine, for Thee;
An offering pure of Love, whereto
God leadeth me."

Christian Science points out that the real governor is divine Love, for divine Love is the only Mind, the divine Principle of true being. If we accept this fact and try to realize the ever-present and omnipotent of divine Love, the one real Mind or Principle, we shall think lovingly of all and shall be inspired to do and say helpful things. This Science teaches that the real man is the reflection of divine Love. Accepting this real man as our true selfhood, and holding to this truth, we shall express tenderness, gentleness, forgiveness, tolerance, unselfishness; and great will be the reward which obedience to the law of Love will confer upon us.

When we accept the fact that divine Love is substance, we have no thought of hoarding, for we see that unless we manifest this substance—reflect divine Love—we do not have real substance. This is the source upon which we can draw for the benefit of all with whom we come into contact. The reflecting of divine Love is the true medium of exchange; and it must be kept constantly active. This more we express of the divine nature the more we have of real substance. In the measure that we realize and in the measure that we have the sense of joy and completeness which this realization brings.—The Christian Science Monitor.

TEETH FOR A LIFETIME ARE BUILT IN YOUTH

More dental defects occur among children than all other physical defects. That fact alone explains why progressive communities insist on dental examinations for school children. Improper care of the teeth during childhood is also considered responsible for the appalling fact that the period of greatest dental efficiency to the average person is only ten years in length. This means that our chewing mechanism which requires twenty years to build remains intact for only half that time.

Dr. Clarence O. Simpson says, "the guilt for this condition can be charged primarily to parents in deficient care and training of children, because the destruction of the teeth starts before the age of discretion," which means in every day language that parents do not insist that their children eat enough of the tooth-building foods, such as milk, fruits, vegetables and chewy foods. It also means that parents do not train their children to brush their teeth thoroughly and frequently.

Value of Parents' Example. It is not enough for parents to tell their children to brush their teeth and eat the right foods. They must also see that their children get on the disciplines given them. One very practical way for the parents to do this is to set them a good example by giving their own teeth good care, including frequent dental examinations. The parents must work with the schools and other health agencies in seeing that the children establish and practice the proper health habits.

Of course the school dental examination in itself does nothing to improve the condition of the child's teeth. The value of the examination lies in calling the condition to the attention of the parents so that they will have the child's teeth cared for. Also, the re-examination is a means of showing whether the dental conditions are improving or getting worse. Possibly the most important function of these school-sponsored examinations is the object lesson which they present to the parents. They emphasize the value of having children's teeth examined regularly.

This is one of a series of articles on "How to Have Attractive Teeth" released in cooperation with and approved by the public service committee of the Chicago Dental Society.

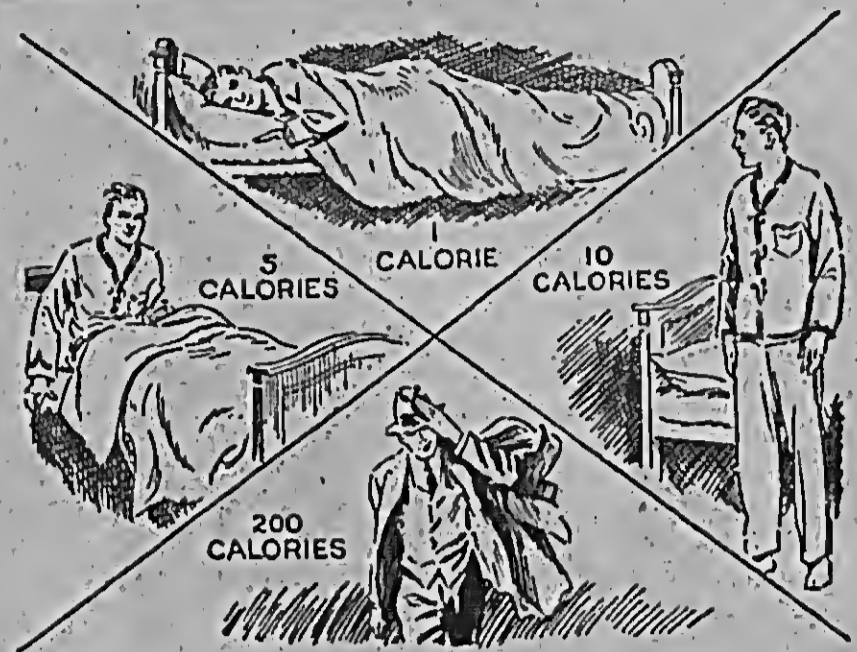

Peach Desserts

WOULDN'T you give a quarter for a dessert like the following which costs really only twenty-four cents and serves four people?

Peach Shortcake with Whipped Cream: Sift together one cup flour, two teaspoons baking powder, one tablespoon sugar and one-half teaspoon salt, and cut in two and a half tablespoons shortening. Add three-eighths cup diluted evaporated milk, pat or roll out, and cut in eight rounds. Put two rounds together with melted butter between. Bake about twelve minutes in a hot oven (450 degrees). Split open and put between and on top the contents of a 3-pound can of sliced peaches which have been gently stewed for a few minutes with two tablespoons sugar and one-fourth teaspoon cinnamon, then cooled to lukewarm. Top with one-third cup whipped cream.

If You Really Love 'Em
Peach Cobbler: Drain the contents of four No. 3 cans of sliced peaches (or one No. 10 and one No. 2 1/2 can), and lay them in the bottom of a large flat baking pan. Mix together one and one-half cups sugar and six tablespoons flour, then add the peach syrup, stirring until smooth. Pour over the peaches, dot with three-fourths cup butter (or a butter substitute), and place the pan in oven while preparing the crust. Sift together one and a half quarts flour, one tablespoon salt and one-half tablespoon baking powder, and cut in one and a half cups shortening. Mix with enough cold water to make of the consistency to roll. Roll not quite as thin as for pie crust, cut to fit top of pan, and make several slits in top for escape of steam. Remove peaches from oven, lay crust on top, and return to oven (400 degrees) for from twenty-five to thirty minutes. Serve warm with cream or with hard sauce. Serves fifty.

Better Breakfasts

DR. FRANCIS O. BENEDICT of the Carnegie Institution of Washington recently found that a man lying in bed before breakfast produces barely enough energy to keep an average sized candle burning—about one calorie a minute. But when a man gets out of bed and goes to work his heat energy production rises tremendously, and so do his food requirements. When he begins to move about the costs (in calories) mount rapidly. Just sitting up increases the cost 5 per cent, standing up 10 per cent, and a brisk walk will increase it by 200 per cent.

All of which is an excellent scientific reason for providing a man with a breakfast containing enough calories to keep him comfortable until lunch. The average sedentary worker, according to Dr. Benedict, needs about 2500 calories a day; farmers, on the

average 3500 calories; and Malise lumberjacks 7000 calories. Here is a suggestion for such a breakfast:
Tomato Juice Cocktail
Cereal with Cream
Breakfast Sausage
Coffee
Breakfast Sandwich: Season three-fourths pound chopped round steak with salt and pepper, form into six patties, and pan fry. Place six slices of canned pineapple and six large mushrooms, peeled and stemmed, on broiler rack, brush the pineapple with butter, put a small piece of butter in each mushroom cap, and sprinkle with salt and pepper. Broil, turning pineapple over to brown both sides. Place a meat patty on a round of hot toast, cover with a slice of pineapple, top with a mushroom. Serves six.
